Summary

UI/UX Designer with hands-on experience in creating responsive, accessible, and user-centered digital interfaces. Proficient in Figma, HTML/CSS, and design systems with strong understanding of UX research and usability testing. Passionate about solving real-world problems through design.

Experience

UI/UX DESIGNER | CENTOCODE TECHNOLOGIES PVT LTD | MARCH 2025 – PRESENT
PROJECT: UNI-RAG — MICROSERVICES-BASED AI DATA INTERACTION PLATFORM

- Designed intuitive and responsive user interfaces for the UNI-RAG platform to ensure seamless interaction with AI tools handling YouTube, PDFs, images, and documents.
- Created interactive wireframes, high-fidelity mockups, and design systems for microservices, improving user flow clarity and reducing cognitive load.
- Conducted user research and usability testing to iteratively enhance accessibility and user satisfaction.

PROJECT: CLIMANALYTICS — RAINFALL DATA ANALYSIS PLATFORM

- Developed user-centered dashboard designs for rainfall data visualization, optimizing layout for clarity and data interpretation.
- Designed user authentication and onboarding flows with a focus on intuitive UX, improving first-time user retention.
- Collaborated closely with backend developers to align design specifications with real-time RESTful APIs, ensuring a cohesive user experience.

Other Experience

CSA | COGENT ESERVICES PVT LTD | DEC 2023 – MAR 2025

Handled user queries and resolved issues effectively, strengthening communication and customer empathy—skills that inform user-first design approaches.

Education

Dr A.P.J. Abdul Kalam Technical University, Lucknow, Uttar Pradesh | 2019 - 2023
Bachelor of Technology (CGPA: 7.67/10)

SARASWATI SHISHU MANDIR HR SEC SCHOOL, GORAKHPUR, UTTAR PRADESH | 2016 – 2018
Intermediate (76%)
